### Eden Outsource Expands Into New Facility

February 19, 2007, Irvine, CA - Eden Outsource a custom packaging and assembly company signed a 5 year lease with Toshiba Corporation of America for 23,000 square feet of office and warehouse space. The new facility will provide Eden's customers with several key advantages:

- Dock high facility provides greater efficiency in assembly and distribution
- Gated yard offers secure area for staging, processing and storing of ocean containers
- Expanded warehouse environment enables Eden to assemble larger production runs
- Security cameras and 24/7 security guards monitor high-value assemblies
- Additional RF welding and shrink wrapping equipment increases capacity in clamshell welding and wrapping
